Version	Art.No.	EAN Code
 black	020-2201	4009729041086
 blue	020-2202	4009729041093
 grey	020-2203	4009729041109

Maximum number of sheets of 80 g/m² paper. The maximum capacity in this case is 20 sheets.

Tool with metal functional parts

For quick fastening: nailing.

This device can process staples of type No. 10. A maximum of 100 staples can be inserted.

Maximum stapling depth is 38 mm.

With the top-loading mechanism, the staples are inserted into the stapler after raising the top part.

With staple legs resting flat against the paper, flat-clinch stapling cuts filing space by as much as 30 %. The minimum amount of space taken up by staple ends optimises binder capacity.

Novus offers a warranty of 10 years when handled in a proper manner

The quality statement „German Engineering“ ensures that a product was developed according to German quality standards by our engineering experts. All Novus products carrying the „German Engineering by Novus“ signet are manufactured in our own plants around the world by our own workforce, managed and supervised by our headquarters in Germany.

This machine bears the GS approval of product safety.

Flat-Clinch stapler NOVUS B 10FC Professional

The possible stapling style:

With stapling legs resting flat against the paper, flat-clinch stapling cuts filling space by as much as 30 %.

With the new two-stage stapling action, the staple legs pierce the paper first. The staple ends are then bent over and pressed absolutely flat against the paper.
